3. Take the whole piece of 12x12 DSP with the whole candy canes on them and cut with your scissors. If you do this correctly, you can get 32 whole candy canes die cut from one piece of full DSP.

6. Assemble the green leaves and red glimmer paper to the candy canes using some Stampin' Seal.
7. Build from the back and front and move around until you are happy with the placement. Once happy, you may use
8. Tear & Tape to help hold all in place, or just use Stampin' dimensionals straight away. Adhere to the pool party decorative circle.
